Approved By	Ashley	Gallagher	Managing Director	7 June 2025

Ashbridge Construction is committed to excellence in customer satisfaction, which is vital to our success. We employ a systematic approach to surpass our minimum standards for product and service delivery. Our dedication extends to continually maintaining and improving this system. We expect all employees and suppliers to share this commitment. Our Quality Policy ensures that we understand and exceed customer expectations, implement and continually improve systematic quality processes, deliver superior products and services, and engage all stakeholders in our commitment to quality.

- Comply with all statutory obligations.
- Aim to exceed the requirements of ISO 9001:2008 Quality system accreditation.
- Commit to setting the standard for quality and service in our industry.
- Apply and regularly review our systems across all levels of our business.
- Be open, transparent and accountable in all aspects of our work.
- Strive to deliver consistent and predictable outcomes for our customers and stakeholders.
- Measure our performance against the requirements of our quality system.
- Commit to the continuous improvement of our processes and systems.
- Communicate the expectations of our customers and stakeholders across our business.
- We will establish quality objectives and review them annually
- Measure and enhance Quality performance, providing a framework for setting objectives to achieve continuous improvement. All employees and those engaged by Ashbridge Construction are accountable for their commitment to our quality policy.

This signed statement confirms our commitment to this Policy.
